

DURA RUSTOBIT - ZPP

High-build Zinc Phosphate Primer for Re-bar

Description :

DURARUSTOBIT – ZPP is a slightly amber coloured Polymer based solvent containing liquid and is used as a rust/corrosion cleaning-cum-preventive coating over reinforcing steel bar. **DURARUSTOBIT - ZPP** is basically formulated from polymer- solvent-containing film former and the latest corrosion preventive chemical with zinc Phosphate as Pigments.

Uses :

DURARUSTOBIT - ZPP is normally used as a cleaner-cum-coating material over steel reinforcement after thorough cleaning like wire brushing along with application of **DURARUSTOBIT -ZPP** itself or sand blasting etc.

Features :

- Very effective in cleaning rust/corrosion of Re-bars and their subsequent protection.
- Polymer and latest corrosion inhibitor based product – excellent quality.
- One time application – no further corrosion.
- Easy application for cleaning and protection by clean fine cloth or normal paintbrush.

Application :

Surface preparation of the Re-bar should be thoroughly carried out by application of **DURARUSTOBIT - ZPP** itself with emery cloth, wire brush etc. or even with sand blasting.

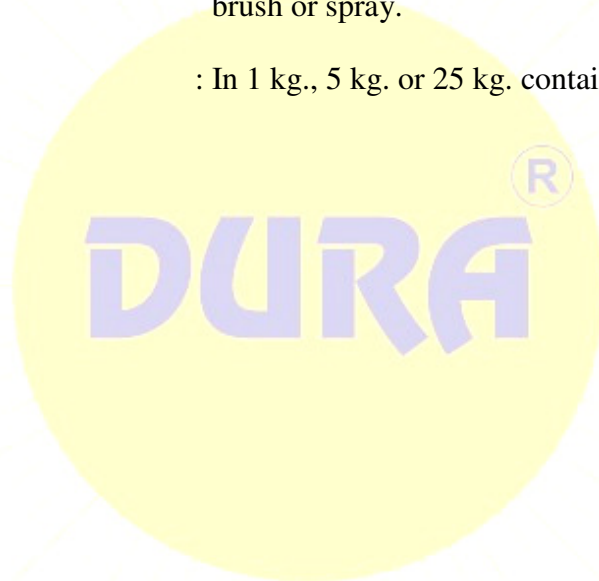

Over the prepared surface **DURARUSTOBIT - ZPP** may be applied with the help of fine cloth and normal soft paintbrush. After application and cleaning at ambient condition, it dries within 45 minutes and then concrete may be placed over it.

Stir the contents thoroughly before and during the application.

Technical Data :

DURARUSTOBIT - ZPP is a slightly amber coloured liquid with characteristic odour.

S. G. at 27° C ± 3° C	: 0.90 ± 0.005
As a rust preventive compound	: 0.05 to 0.08 kg/m ² on steel surface.
Drying time (at 27° ± 3° C and 60% RH)	: 30 to 45 minutes.
Health and safety	: In-flammable. Avoid contact with skin and breathing its vapour.
Shelf Life	: 12 months if kept unopened.
Application	: By soft fine clean cloth, soft normal paint brush or spray.
Packing	: In 1 kg., 5 kg. or 25 kg. container.

IMPORTANT: Though the product may change with some code as suffix or addendum to the principal or original name out of some minor adjustment and fine tuning in the formulation due to our continuous research and development but shall exhibit the stated properties with more improvement.

WARRANTY: Our high potency products are manufactured under stringent National/International Quality Standard specifications and guaranteed against any manufacturing defect. Suggestions and recommendations are made here based on our most practical experience and exposure over 25 years in the field and are believed to be most appropriate and correct BUT no liability can be accepted by us, as the conditions of use of such products are beyond our control.
